Let's do IT

ArdentPro

CIO Advisory & Digital Transformation consulting for Growing Enterprises

About US

ArdentPro Systems provides CIO-level technology leadership for mid-size organizations seeking to modernize IT, implement ERP systems, and drive digital transformation. With over 27 years of enterprise IT leadership experience, we help organizations align technology strategy with business goals while optimizing IT investments and operational efficiency.

Our services include:

- CIO-as-a-Service (Fractional CIO)
- IT Strategy & Digital Transformation Road-maps
- SAP S/4 HANA Implementation & ERP Governance
- IT Infrastructure & Cloud Modernization
- Technology Cost Optimization & Vendor Management

We enable companies to access experienced CIO leadership without the cost of a full-time executive, helping them transform IT into a strategic growth enabler.

Founder profile

Veeraragavan - Founder & *CIO* Advisor

A senior IT leader with 27+ years of experience leading enterprise technology initiatives across manufacturing, healthcare, FMCG and engineering industries.

Former CIO and Head of IT roles include organizations such as Motorola, ESAB India, Chettinad Hospitals, Sheenlac Paints, and Aachi Masala Foods. Specializes in ERP transformation, digital strategy, and CIO advisory services.

The Challenge and our Service

Many growing companies reach a stage where technology becomes critical to business success. However, hiring a full-time CIO may not always be practical. Without experienced technology leadership, organizations often face:

- ERP implementations that exceed budget
- Disconnected business systems
- Rising IT costs
- Lack of IT governance and strategic direction

Why Clients Work With Us :

- ✓ 27+ years enterprise IT leadership
- ✓ 10+ ERP implementations and roll-outs
- ✓ SAP S/4 HANA migration expertise
- ✓ Digital transformation leadership
- ✓ Proven IT cost optimization programs

Key Benefits :

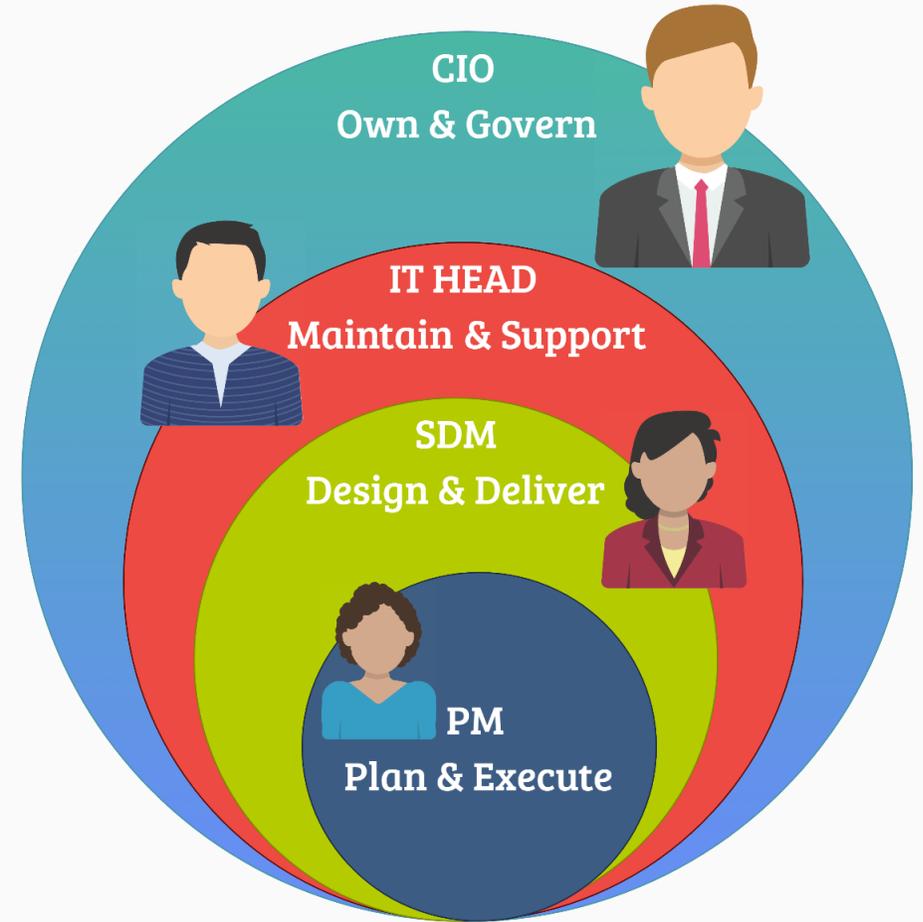

- ✓ Strategic IT leadership without full-time CIO cost
- ✓ Improved technology alignment with business goals
- ✓ Reduced IT operating costs and risks
- ✓ Faster and more successful ERP implementations
- ✓ Increased operational productivity

Our Core Services – Fractional CIO

Strategic technology leadership for companies that need experienced CIO guidance without hiring a full-time executive.

Services include:

- IT strategy and roadmap development
- IT governance and policy frameworks
- Vendor selection and management
- Technology investment planning

ERP & SAP Transformation Management

Successful ERP initiatives require strong leadership and governance.

We help organizations with:

- SAP S/4HANA migration and upgrades
- ERP implementation strategy
- ERP governance and project management
- Business process optimization

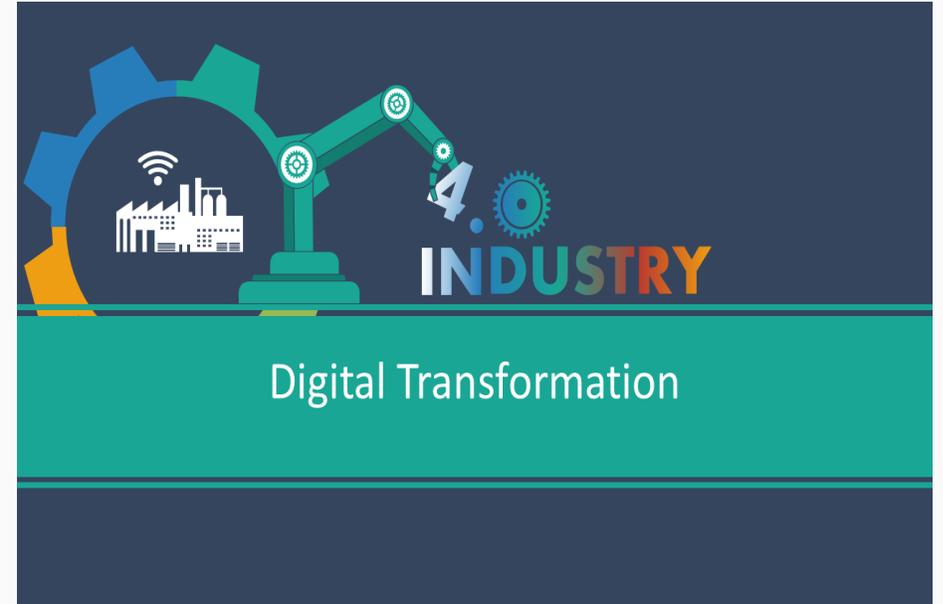

Digital Transformation Advisory

Helping organizations modernize operations through technology innovation.

Focus areas include:

- Digital sales platforms
- data-driven decision systems
- process automation
- cloud adoption strategies

IT Cost Optimization

Technology investments must deliver measurable value.

We help organizations to:

- Reduce IT operating costs
- Optimize vendor contracts
- Improve IT service delivery
- Strengthen IT governance
- Productivity and performance improvements

Engagement Models

Organizations typically engage ArdentPro Systems for:

- Fractional CIO advisory (2–4 days per month)
- ERP implementation oversight
- Digital transformation consulting
- IT strategy assessments

Selected Case studies

➤ SAP S/4HANA Enterprise Transformation

Successfully led SAP ECC migration and upgrades to S/4HANA, enabling modern enterprise operations and advanced analytics.

➤ Nationwide Dealer Digital Platform

Designed and implemented a digital platform connecting 20,000+ dealers across India, enabling real-time order management and sales transformation.

➤ IT Infrastructure Modernization

Consolidated infrastructure and strengthened security, delivering 99% system uptime and reduced operational incidents.
